1. WELCOME LETTER FROM THE DEAN

Dear Parents and learners

I am delighted to welcome you to the Northview Christian Academy family!

This information Booklet provides an overview of the philosophies, policies and general information and procedures of our school. This booklet is an easy source reference to assist you and your child to become familiar with the day to day operations of the Academy.

Mrs. Charmaine Botha

DEAN

2. HISTORY OF TRINITY PRIMARY SCHOOL NOW KNOWN AS NORTHVIEW CHRISTIAN ACADEMY

Trinity Primary School was founded by our current Dean Charmaine Botha. The original vision of Trinity was to establish a multi-racial, affordable, Biblically sound primary school which offered quality education. In 2004 parents from our Sister School Little Blessings approached the Managing Committee pleading with us to start a Primary School to allow their children, who have been in our care for 5+ years to continue schooling with us. In 2005 we started Trinity Primary School in a house situated next to Little Blessings at 56A Hoog Street, our first Grade 1 class consisted out of 16 students and we grew a Grade for each of the following years. Soon the premises became too small to accommodate the rapidly growing learner corps and we re-located to Bet-Shalom Church in Bendor Park. After 2 years we outgrew this space too and started searching for a suitable venue to house the school. In 2012 we moved into a 3-story prior hostel building adjacent to Tom Naudé High School. The facilities were in disrepair but God provided the funding needed and we were able to do the much-needed renovations. Again, we outgrew these premises and made the decision to relocate the school in January 2017 to the current premises, previously known as Christian Achievers Academy in the suburb of Sterkloop. Currently we have a learner corps of nearly 353 learners and we are still rapidly growing. Due to a request from CIPRO to enable us to register our Company we changed the name to Northview Christian Academy on the 14th of August 2015.

Throughout the years the vision of the school has had to be constantly revised as expansion brought with it, new requirements, but one thing remained steadfast – Sound quality education in small class groups.

The real achievement of Northview does not lie in the academic results nor the number of trophies obtained throughout the year. It lies in the positive learning environment that has been fostered and the “ethos of care” that learners and staff have nurtured over the years. It has become an environment where the development of each child's individual potential has centre state in all decision making. The Schools motto: “Trust in the Lord with all your heart and lean not on your own understanding” underpins all venture and ensures a steadfast spirit of commitment within the learners towards achieving their best.

This environment has not developed by chance. Northview has grown through the vision of those who first conceptualised it – the early trustees, staff and parent community who believed that a school of quality was indeed necessary in Polokwane.

Today Northview Christian Academy (**NCA**) is one of the most diverse independent schools in Limpopo. The school's demographic profile truly represents South African society. The diversity within the school is successfully managed in accordance to the guiding principles of the school's ethos: respect and regard.

Core Values

Unity, Excellence, Christ-focused, Accountability and Integrity.

4. Christian Code of Conduct

Relationship

Matthew 22:37-38

Jesus Replied "Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest command".

Love God and Love others. Encouraging students, staff and parents to follow this command will help to bring peace and unity to all that we do here.

Attitude

2 Timothy 2:15

Do your best to present yourself to God as one approved, a workman who does not need to be ashamed and who correctly handles the word of truth.

"But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control. Against such things there is no law. Those who belong to Christ Jesus have crucified the sinful nature with its passions and desires"

3. This application must include a reasonable interpretation of the religious rights that the learner feels are offensive and a suggestion on how the rules may be supplemented by the Governing body/school board to accommodate such religious rights.
4. The learner must provide proof that she/he belongs to that specific religion and that the religious practices, rules and obligations that are in conflict with the school's Code of Conduct are his/her true beliefs and commitments.
5. The religious conduct or practice must be lawful.
6. The Governing body must consider the application and, if it is satisfied that the application is justified in terms of Constitutional principles, the application will be granted in writing within 14 days.

 9. Cultural rights will be considered in the event that they do not relate to a religion, is such cultural rights manifest in conduct of a permanent nature that is compulsory for the cultural group. This refers to cases where the removal of the cultural jewellery or mark will cause considerable pain to the learner. Normally, cultural rights are exercised through marks and expressions of a temporary nature that are justified for a specific cultural gathering. The learner must convince the Governing body that his/her cultural rights can be exercised only through a permanent intervention.
- Any request for a deviation from the Code of Conduct based on cultural rights must be in writing and must be based on a process similar to that contained in subparagraphs 1 to 8 above.

21. DISCIPLINARY MEASURES

Please Read through your Code of Conduct, inform your child/children of the content, seniors can read with parent and sign on the space provided.

Tips for Parents on Discipline, Consequences and Behaviour:

The effective use of consequences can be a powerful parenting tool. When our children break a rule or fail to act responsibly, we can implement a consequence or allow the natural outcome of their behaviour to take effect. Over time, these results act as a teacher, helping our kids to learn how things operate in the real world.

Unfortunately, far too many parents short-circuit this process, either failing to implement appropriate consequences or “bailing” their children out - shielding them from the slightest discomfort. These parents believe they are expressing love by sparing their children from consequences; in reality, they are setting up their kids for frustration and possible failure later on in life.

The book of Proverbs reminds us that God designed the world to function in specific ways. Our actions have ramifications, and more often than not, we reap what we sow (Galatians 6:7). Our children benefit when they learn that life is made

up of these cause-and-effect relationships - even though the effects they experience may sometimes be unpleasant.

If a toddler touches a hot stove, he gets burned — that is a natural consequence. However, when a child's actions do not lead to an obvious result, a parent can still employ a consequence that is logically suited to the behaviour. For example, a child is instructed to put away his toy train and doesn't follow through; a logical consequence would be that he is not allowed to play with his train the next day.

Pray for guidance daily and train up your children in the way they should go, God clearly says in Proverbs that they will never depart from this teaching.
